Home of the KIDS ON DECK program, using baseball as a medium to teach boys and girls social justice and cultural awareness, breaking down the perceived barriers of race, religion, gender, border and language.

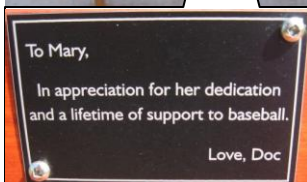

The perfect gift that will last forever ...

It is our pleasure to offer these two unique opportunities to thank, recognize, or memorialize friends or relatives with a legacy that will last forever surrounding Canada's Field of Dreams at the Baseball Hall of Fame.

TREES

The Ball Hall has created a picturesque Arboretum surrounding its feature field, the St. Marys Cement Company Field, also known as Canada's Field of Dreams. The cost to have a tree planted, including a naming plaque and a lifetime of care, is \$1,500. The plaques are personalized with your words as well as the tree's information. Limited types of shade trees are available, and we plant in the Spring and Fall.

BENCHES

Throughout our beautiful 32-acre site are benches overlooking the three baseball fields and walking paths, giving comfort and rest to those who wish to just sit and take in the atmosphere. For \$1,500 you can sponsor a bench and honour a friend or loved one, as each bench will be decorated with a plaque.

If you are interested in any of these ideas please contact the Hall of Fame by calling 519-284-1838, or email us at baseball@baseballhalloffame.ca
